ingredients

**Concepta Ingredients** is specialized in the development of natural and technological solutions focused on the healthy, natural and organic food industries. Our entire production chain is aligned with the values defended by the **United Nations (UN)** Sustainable Development Goals.

**+2.100**  
Families Impacted

**6** Brazilian  
states

**About 345**  
thousand hectares of  
indirect conservation

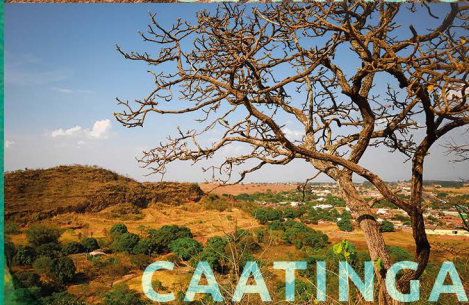

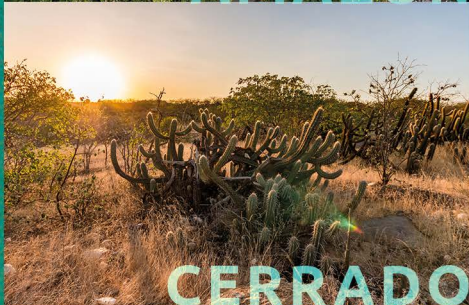

**3 Biomes**  
Amazon, Cerrado  
and Caatinga

# arbereto

Premium Ingredients

- ◆ Developed with exotic and innovative ingredients.
- ◆ Partners in Amazon forest, Cerrado and Caatinga Biomes.
- ◆ The product line is composed of butter, oils, syrup and extracts from Brazil.

# PLANT-BASED BUTTER

**Concepta Ingredients** presents the market with its Plant Based Butter, a **100% natural** and sustainable without any type of chemical additive or artificial colours. It is not bleached and/or hydrogenated.

Pure product, blend of vegetable oils.

## INGREDIENTS:

Cocoa

Passion Fruit

Coconut

Babaçu

Sacha-inchi

MCT

Cupuaçu

Brazil Nut

Sunflower

Applications:

# AÇAÍ: THE TASTE OF AMAZON

Açaí comes from a palm tree that grows along the rivers and, with its voluminous bunches, colors the forest landscape between August and December.

Açaí pulp is consumed worldwide, mainly due to its composition of phytochemicals, anthocyanin, pro-anthocyanin and other flavonoids, and also for its rich nutritional composition.

## ◆ Organic Açaí Powder (*Euterpe oleracea powder*)

- Fine powder with the characteristic taste of açaí pulp.
- Purple slightly brown color.
- Contains polyphenols and anthocyanin.
- Natural source of vitamins.

Certifications: BR|EOS|NOP

Applications

## ◆ Organic Açaí Extract (*Euterpe oleracea extract*)

- Intense and vibrant purple color.
- High concentration of antioxidants, polyphenols and anthocyanin.
- Natural source of vitamins.

Certifications: BR|EOS|NOP

Applications

## ◆ Organic Açaí Oil (*Euterpe oleracea oil*)

- Intense and herbal flavor.
- Contains omegas 6 and 9 and phytosterols.
- Natural source of vitamins.

Certifications: BR|EOS|NOP

Applications

## ◆ Organic Açai Syrup (*Euterpe oleracea* syrup)

- Blend of demerara sugar with açai extract.
- Slightly purple color and mild flavor of açai pulp.
- Contains polyphenols and anthocyanin.
- Natural source of minerals and vitamins.

Certifications: BR|EOS|NOP

Applications

# ORGANIC AND EXOTIC INGREDIENTS

The Organic  
and Exotic  
Ingredients  
were developed  
to attend the  
different market  
segments.

## ◆ Organic Toasted Babaçu Oil (*Attalea speciosa* oil)

- Light nutty and toasted flavor.
- Contains omega 6 and 9.
- Natural source of vitamins.

Certifications: BR|EOS|NOP

Applications

## ◆ Organic Brazil Nut Oil (*Bertholletia excelsa* oil)

- Intense and almond flavor.
- Contains omega 6 and 9, phytosterols and squalene.
- Natural source of vitamins.

Certifications: EOS|NOP

Applications

## ◆ Licuri Oil (*Syagrus coronata* oil)

- Intense and almond flavor which resembles toasted coconut.
- Contains omega 9, lauric acid, myristic acid and phytosterols.
- Natural source of vitamins.

Applications

## ◆ Passion Fruit Oil (*Passiflora edulis oil*)

- Intense and citric flavor which resembles passion fruit itself.
- Contains omega 6 and phytosterols.
- Natural source of vitamins.

Applications

## ◆ Organic Patauí Oil (*Oenocarpus bataua oil*)

- Mild olive flavor.
- Contains omega 9 and phytosterols.
- Natural source of vitamins.

Certifications: BR|EOS|NOP

Applications

## ◆ Organic Sacha Inchi Oil (*Plukenetia volubilis linneo oil*)

- Intense and resembles green almond flavor.
- The oil is the main source of polyunsaturated vegetable fat
- Contains omegas 3, 6 and 9, and phytosterols.
- Natural source of vitamins.

Certifications: EOS|NOP

Applications

## ◆ Organic Cupuaçu Butter (*Theobroma grandiflorum butter*)

- Intense and fruity flavor.
- Contains omega 9, stearic acid and phytosterols.
- Natural source of vitamins.

Certifications: BR|EOS|NOP

Applications

# SUGARS

Coming from the organic handling, our sugars are used in the production of a wide range products from food industries. Because they are liquid options, they are also easier to handle with and do not form blocks during storage, ensuring better use of the product.

## Organic Liquid Muscovado Sugar

- ◆ Intense and fruity flavor with a dark brown coloration.
- ◆ Contains natural sugarcane minerals such as calcium, magnesium, phosphorus, potassium and iron.
- ◆ Natural source of polyphenols.
- ◆ Known as whole sugar, because it does not undergo a refining process.

Certifications: BR|EOS|NOP

Applications

## Organic Liquid Demerara Sugar

- ◆ Light and delicate flavor with a golden coloration.
- ◆ Sugar derived from light refinement, maintaining the high nutritional values of sugarcane.
- ◆ The demerara sugar management fosters a circular economy model, where 100% of the by-products are destined to soil fertilization in the organic system.

Certifications: BR|EOS|NOP

Applications

# COLD PRESSED VEGETABLE OILS

Produced with high quality raw materials in a standardized process and a dedicated factory with an assured quality program, the cold pressed vegetable oils meet the needs of the nutraceutical, functional food and dietary supplements market.

Also, cold pressed oils maintain the characteristics of flavor, color, special aroma of the seeds and have a higher concentration of bioactive components.

## ◆ Cold Pressed Linseed Oil

*(Linum usitatissimum seed oil)*

- One of the main vegetable sources of omega 3.

## ◆ Cold Pressed Safflower Oil

*(Carthamus Tinctorius (Safflower) seed oil)*

- Contains high concentration of oleic acid.

## ◆ Cold Pressed Sunflower Oil

*(Helianthus annuus oil)*

- Contains omega 6 and 9.

## ◆ Cold Pressed Sesame Oil

*(Sesamum indicum oil)*

- Contains high concentration of linoleic acid and oleic acid.
