CSP Abu Dhabi - CFS

The Ports for ALL

BY AIR:

CSP CFS proximity to four international airports; Abu Dhabi International Airport, Al Maktoum International Airport, Dubai International Airport and Al Ain International Airport – fully equipped to manage air cargo – offers an alternate transportation solution for your shipments.

BY ROAD:

The international-standard roads in and around the industrial zone provides you with efficient movement of goods and traffic. The excellent highway network links CSP CFS to markets within the UAE and the wider Middle East – more specifically to the Gulf Cooperative Council (GCC) markets.

BY RAIL:

The option of transporting your shipments by future freight train will be possible with Etihad Rail; designed to connect the UAE to the rest of the GCC. Khalifa Port and CSP CFS infrastructure has ready-built rail culverts to facilitate bulk shipment capabilities once the Etihad Rail project is complete.

BY SEA:

KHALIFA PORT, THE MARITIME GATEWAY OF ABU DHABI CSP CFS is intrinsically linked to Khalifa Port; one of the world's most advanced deep-sea ports and the region's first semi-automated port. The integrated services of Khalifa Port and CSP CFS offer long-term competitive commercial advantages including exceptional supply chain efficiencies. Having Khalifa Port at one's doorstep, served by 20 major shipping lines connected to over 50 destination ports, enables the convenient domestic and international shipment of products and raw materials to and from Abu Dhabi to anywhere in the world.
